

The following data has been processed from July 1 2023 to September 30 2023.

Information Requests

Between July 1 2023 and September 30 2023 , there were 19 inquiries or requests from law enforcement agencies.

Our Response

Our response to all requests for personal information of users explained that Session abided by privacy-by-design principles, and the application does not log or report user information. Therefore we could not provide information which would help LEAs identify a user.
